

DEHP Statement

Diethylhexylphthalate (DEHP) or Diisononylphthalate (DINP)

Mother Murphy's Laboratories, Inc. is aware of the DEHP issues with Taiwanese sourced ingredients and has taken several steps to assure the flow of ingredients into our facilities are manufactured according to FDA and GFSI standards.

- MML continues to monitor the Taiwanese FDA website for a detailed listing of potential contaminated ingredients.
- MML maintains no current inventory of ingredients from Taiwan and no future ingredients will be purchased until the issue is resolved.
- MML has never sourced any of the specific ingredients listed by Taiwanese FDA; our vendor certification program will continue to monitor the situation and update as events unfold.
